

## COVID – 19 Update: A Notice to Our Customers

Dear Customers,

Your health and safety is of utmost importance to us. Please note that we will continue to operate as an essential service, helping you with all of your plumbing and heating needs.

To ensure we are compliant with recommendations from our government, we are making changes to how we provide service in your homes or business.

Please click below to learn more about these changes.

### Covid-19 Service Changes:

We will be staying open as an essential service and following guidelines to ensure your health and safety is top priority during service calls to your home or business:

- **Contactless Payment:** Your preferred method of payment can be safely left for your service provider to process on a portable machine. After your payment has been processed, the service provider will place your payment method under your door, or someplace directed by you. The payment machines are sanitized after each job
- **Sanitization:** All tools used are sanitized after each job.
- **Service Provider Precautions:** All service providers entering your home or business will be wearing gloves and booties

During this unprecedented time, we look forward to supporting our community and providing you with service you can trust for all of your Plumbing and Heating needs.

Thank you,

Speedy Plumbing
